### PROJECTS

#### Steam Coffee Co

- › A site designed for a user to order coffee. For this application I learned directives, services, and controllers in Angular.
- › Technologies: Angular, JavaScript, HTML5, CSS3, Materialize
- › Website: <https://gdebell.github.io/shopping-cart-application/>
- › GitHub: <https://github.com/gdebell/shopping-cart-application/settings>

#### Tai Chi Studio Two

- › A site designed for a Tai Chi studio. Multi-tenancy implementation for visitor, student, and manager authorization. This application was created in a team of four. Our team pair-coded and used an agile work flow. I learned about branches, merge conflicts, promises, and how to use Pivotal Tracker, and Heroku.
- › Technologies: JavaScript, Node.js, Express, PostgreSQL, Knex.js, Nunkucks, Bootstrap, HTML5, CSS3.
- › Website: <https://tai-chi-studio-two.herokuapp.com/>
- › GitHub: [https://github.com/gdebell/tai\\_chi\\_studio\\_two](https://github.com/gdebell/tai_chi_studio_two)

#### La Bussola Pizzeria

- › A site designed for a Pizza Restaurant. For this application I learned about form validation and responsive design.
- › Technologies: JavaScript, HTML5, CSS3, jQuery, Bootstrap.
- › Website: <http://gdebell.github.io/form-validation-pizza-stream/>
- › GitHub: <https://github.com/gdebell/form-validation-pizza-stream>

#### Calorie Tracker

- › A site designed for a user to track calories. This was my first web-site I built in gSchool. The website is simple but a great learning experience.
- › Technologies: JavaScript, HTML5, CSS3, jQuery, Bootstrap, Git, Github, Static-Site Hosting, Command Line, Web API
- › Website: <https://gdebell.github.io/unitOneProjectNutrientTracker/>
- › GitHub: <https://github.com/gdebell/unitOneProjectNutrientTracker>

### EDUCATION

#### Galvanize —Web Development Immersive

JULY 2016 - DECEMBER 2016

1000+ hours of writing code, Public Speaking, Team Work, Agile Work Environment, Coding and Problem Solving on a Team

#### Metropolitan State College of Denver — Bachelor of Science in Biology

AUGUST 2002 - DECEMBER 2009

Obtained CO Professional Teacher Licensure in Secondary Science

### EXPERIENCE

#### Denver Public School District #1, Denver — English Language Acquisition - English (ELA-E) Science Teacher

AUGUST 2011 - AUGUST 2016

Taught 7th grade science to refugee students, Taught Computer Programming using Hour of Code, Scratch, and Code Combat, Teacher Leader, Urban Advantage Teacher Leader

### CORE

JavaScript  
HTML5  
CSS3  
Node.js  
Express  
PostgreSQL  
Knex.js  
jQuery  
Nunjucks  
AngularJS

### TOOLS

Git + Github  
Static-Site Hosting  
Heroku  
Command Line  
Gulp  
Web APIs  
Bootstrap  
Materialize CSS  
Pivotal Tracker

### TECHNIQUES

Agile  
Responsive  
Design  
OOP  
Pair Programming

### Licensure

Colorado Professional  
Teacher Licensure  
in Science
